

A SERVICE DESIGNED AROUND YOU.

THE QUANTITY OF STEEL YOU WANT

from one sheet to one load, full or split pack.

PREPARED PRECISELY TO YOUR NEEDS

decoiled and kept in stock.

DELIVERED DIRECT WHEN YOU WANT IT.

same day or next day service from our own transport fleet.

As one of the largest Independent steel processors, stockholders and distributors in the UK, **UnitedSteels** Sheet and Plate offer a comprehensive floor stock range including Hot Rolled, Cold Reduced, Galvanized and Electro Zinc from 0.60mm to 25.00mm as well as many HSLA and Structural Grades.

Standard size sheet and plate in 1000kg and 2000kg packs are always in stock, available for a same day/next day delivery service by **UnitedSteels** own dedicated transport fleet. What's more on-site decoiling facilities can process sheet, cut to your specific decoiled lengths and there are blanking, shearing and slitting facilities available as well.

For an all-round unbeatable service, tailored to your specific needs, call the

UnitedSteels Sheet and Plate team direct on:
